Request for Optional Rate Service:

Applicant hereby requests that San Diego Gas & Electric (SDG&E) change the above account(s) to rate schedule **DR-SES for single family homes with installed solar energy systems**, as of the next meter reading date.

Agreement by Applicant:

Applicant certifies that this account(s) is eligible for and meets all the applicability and special conditions associated with the rate that is requested.

Applicant understands that the terms and conditions of Rule 12 require a 12-month minimum term of service on an optional rate. During their initial term of service, DR-SES customers may elect to opt-out and receive service under their otherwise applicable rate schedule. A customer must exercise this option within 90 days of receiving their first bill for DR-SES service. In the event that a customer chooses to opt-out, the change shall become effective on the first regularly scheduled meter read date following the receipt of notice by the Utility.
