

Critical Peak Pricing
Capacity Reservation Election Form

Complete this form **ONLY** if you are electing to **ADD** or **CHANGE** your Capacity Reservation (CR) amount.

The Capacity Reservation form allows customers to self-select an amount of electric usage (in kilowatts) that they want to protect from the high price of electricity during a CPP-D event and pay for through a fixed monthly Capacity Reservation Charge (CRC).

If you are electing not to make a specific Capacity Reservation amount or if SDG&E does not receive this form, your capacity reservation will default to 50% of your most recent maximum summer on-peak demand.

Please complete the following sections for each service address that has an electric meter being transitioned to the Critical Peak Pricing Default (CPP-D) rate. You may need to refer to your CPP-D notification letter to identify your electric meters subject to the CPP-D rate.

1. Please provide the following information and related service address for the account you are transitioning to CPP-D.

Company Name:		
Contact Name:		
Contact Telephone:		
Contact E-mail:		
Service Address:		
City:		
State:		ZIP Code:

2. **Capacity Reservation (CR):** In order to help you customize how you would like to be billed under the CPP-D rate, SDG&E gives you the option of reserving a specified level of capacity. Complete this section to specify your CR amount for each meter that is subject to CPP-D and is associated with the above service address provided in Section 1.

Account Number:	
Electric Meter Number:	
Capacity Reservation (kW):	

If there are additional accounts and/or meters related to the service address entered in Section 1 use the additional fields provided below.
